3. Do not exceed the prescribed word limit while answering the questions.

|    | <b>Section A: Reading</b>   | <b>20 Marks</b> |
|----|---|-----------------|
| Q1 | <p>Read the passage carefully.</p> <p style="text-align: center;"><b>Red Cross: How Hope Evolved</b></p> <p>On June 24, 1859, Emperors Napoleon III and Franz Joseph I engaged in the Battle of Solferino, commanding a combined total of about 270,000 troops onto the field for a single day of battle. Nearly 40,000 were either dead, injured, or missing, many of whom were simply left to die on the battlefield. Later, spectators crowded the fields, looking for loved ones, searching for items they could sell, or simply taking in the horrors of the battle .A Swiss businessman and social activist Jean Henri Dunant, who was traveling in Solferino witnessed all this.</p> <p>Jean Henri Dunantwitnessed the atrocities of war as well as the countries not prepared or equipped to ease the suffering of those who had been injured in the Battle of Solferino. Dunant organized a group of volunteers to help bring water and food to the injured, to assist with medical treatment, or write letters to the families of those who were dying and he urged the public to create an organization which would assist the wounded, regardless of which side they fought for during times of war. After that moment, he wrote the book, <i>A Memory of Solferino</i>, which urged the public to create an organization which would assist the wounded, regardless of which side they fought for during times of war. His writing inspired countless others to rally behind him in the creation of the International Federation of the Red Cross.</p> <p>The modern-day Red Cross began by devoting itself largely to disaster relief and epidemic treatment. This effort continues to this day. One of the easiest ways you can help the Red Cross is to make sure you are able to donate blood and make an appointment at the Red Cross website. But, donating blood isn't the only way you can help out—the Red Cross also encourages donating your time if you can. This is what the Red Cross wants everyone to know.</p> <p><a href="https://www.rd.com/true-stories/red-cross-origin/">(https://www.rd.com/true-stories/red-cross-origin/)</a></p> |                 |

|----|---|---------------------------|
| Q2 | <p>Read the passage carefully-</p> <p style="text-align: center;"><b>The Road to Success</b></p> <p>1. The Road to success is not straight; there is a curve called failure, a loop called confusion, speed bumps called friends, caution lights called family, and you will have flats called jobs. But, if you have a spare called determination, an engine called perseverance, insurance called faith, and a driver called God, you will make it to a place called success!</p> <p>2. In spite of all our planning and preparation, unexpected challenges are certain to arise. The bumps in the road are unavoidable, but you'll never get to your destination if you aren't willing to drive over them. The difference between a disaster and triumph lies in whether or not you're prepared and willing to weather the storm. If you're ready, those bumps will become stepping-stones.</p> <p>3. The key thing to realize is that working harder is same as working smarter. How do you work smarter? You just need to have the right skills. People want improved circumstances and better life without an improved self. They want victory without paying the price or making efforts. It really cannot happen without the other. Any improvements that have not been generated by improving yourself are superficial and short-lived. If you want to have a better future, you have to change yourself. Stop worrying about the various challenges that will come your way. Just believe in yourself and use them as stepping-stones.</p> <p>4. "Success" is getting whatever you want out of life without violating the rights of others." It is not an accident. Success is the result of our attitude and our attitude is a choice. Hence success is a matter of choice and not chance.</p> <p>5. Today success represents a holistic and positive attitude to life. Attitude is everything. Success is not restricted within some kind of brick and mortar premises. It assumes the individuality of a complete act executed with perfection; material achievements do not define life. We don't remember sports stars for the products they endorse but the spirit of achievement they represent. In the abundance of positive attitude underline the grandeur of a truly rewarding rich life.</p> <p>6. Success can be measured from two standpoints—the external and the internal. Externally it is the measure of a job well done and recognition. Internally it the feeling of achievement and wholeness derived from the completion of a task or fulfillment of desire.</p> <p>2.1 On the basis of your reading of the above extract, answer the following questions in 30-40 words each:</p> <p>(a) What qualities lead one to the place called success?<br/> (b) What is the difference between disaster and triumph?<br/> (c) How can one have a better future?<br/> (d) Describe two ways to measure success.</p> <p>2.2 On the basis of your reading of the above extract, answer the following:</p> <p>(a) The synonym of 'victory' as given in paragraph 2 is _____<br/> (i) Planning (ii) Preparation (iii) Triumph (iv) Challenges</p> <p>(b) The synonym of 'surplus' as given in paragraph 5 is _____</p> <p>(c) The antonym of 'Defeat' as given in paragraph 6 is _____<br/> (i) Recognition (ii) Achievement (iii) Completion (iv) Success</p> | <p>2x4=8</p> <p>1x4=4</p> |

All These Questions have been solved keeping in mind the guidelines issued by the CBSE. This has also been done in accordance with the marking scheme usually followed by the Board.

It is an established fact that the impact of NCERT Textbooks on the classroom practices is tremendous. Preparation for Board examinations is incomplete without reading these books and doing the exercises given in them.

Taking this into consideration, these NCERT solutions for Class 10 Science (<https://www.learncbse.in/ncert-solutions-class-10-science/>) has been designed to be an indispensable tool for the students. Care has been taken that the answers to the questions are written in a proper form and as per the marking scheme suggested by the CBSE.

With the aim of imbibing skills and hard work among the students, the solutions has been designed. It covers the Chapter wise solutions of NCERT Textbook questions and contains Chapter wise solutions of CBSE (CCE) examination questions. Utmost care has been taken to cover all the previous year's questions.

Constructive and thoughtful suggestions for further improvement are welcome.
